BANKERS FAVOR TAX REDUCTION

AS PROPOSED BY SECRETARY MELLON RECENTLY.

WOULD HELP BUSINESS

Plan Is Worthy of Serious Consideration—Should Tax Tax-Exempt. Securities.

The bankers of Maryville interviewed today by The Democrat-Forum are practically of one opinion in favoring Secretary Mellon's proposal to reduce taxes, feeling that such action would be a powerful stimulant to business. Mellon's plan, it is also felt, would not only put the whole tax structure on a sounder basis, but would also result in a more equitable distribution of the tax burden.

James B. Robinson, president of the Nodaway Valley Bank, suggested "that if Secretary Mellon wants to render a real service, let him recommend in his proposal the abolition of these tax exempt securities, which now have reached an enormous sum and must some day sooner or later be dealt with."

"It is my opinion," said George L. Wilfley, president of the Farmers Trust Company, "that anything that will relieve capital from undue restraint or control, allowing it to flow freely into business channels would be beneficial to everybody."

Favors Reduction.

S. G. Gillam, president of the Gillam, Jackson Loan & Trust Company, said:

"It appears almost absurd for a layman to undertake to pass an opinion upon the proposition of Secretary Mellon, as it involves a great deal of technical ability. It is certainly worthy of the most serious consideration and I am in sympathy with any proposition that would reduce taxes, as it is getting to be one of the very serious problems. However, I feel that the income tax is one of the best methods, under the existing conditions, of obtaining revenue. People who have such incomes as to make them subject to taxes are the people who are best able to pay taxes, and those with large incomes are best able to pay large taxes. So that I am not sure that there should be any considerable reduction in the present sur-tax rate. Secretary Mellon has the right view with reference to tax-exempt securities."

Mr. Wilfley continuing said:

"Anyone who will carefully read the letter of Secretary Mellon of November 10 to Hon. W. R. Green, acting chairman, committee on Ways and Means, ought to be convinced of the soundness of his position.

Would Stimulate Business.

"A mistaken idea prevails that a reduction of the income tax rate and especially the higher surtax would lessen the burden of the very wealthy class at the oppression of the medium class. Mr. Mellon shows clearly this would not be the case. The very wealthy are already escaping the higher surtaxes by withdrawing their money from the ordinary channels of business and investing it in tax exempt securities. A reduction of the surtaxes in the higher brackets ought to induce a return of capital to business. The fact is the average citizen of ordinary means will inevitably pay his portion of the burdens of government no matter what the system of taxation is. He will do this either directly or indirectly. It is my opinion that anything that will relieve capital from undue restraint or control, allowing it to flow freely into business channels would be beneficial to everybody."

Now Burdened With Taxes.

"Secretary Mellon's proposal for reduction of federal income taxes sounds good," declares Mr. Robinson. Continuing, he says: "Any reduction that would result in a more equitable distribution of the tax burden would be welcome to the people. To my mind the proposed reduction would depend altogether how it finally worked out and who is to receive the benefit therefrom.

"The American people are now burdened with not only federal income taxes, but state, municipal and county taxes as well. If the proposal means to reduce the federal incomes taxes of the extremely rich and in some form or other put it back on the people of Moderate means, I can not see how it will in any way help the farmers and business men. Taxes must be raised in some form, and I firmly believe each and every one should bear their just burden along this line.

Can Register Cars at Office in Maryville

Following a conference with the Secretary of State, William King, General Manager of the Automobile Club of Missouri discovered that no funds were available to provide license bureaus for the issuance of State Automobile License Plates at Maryville. After discussion, King agreed that the Automobile Club of Missouri would provide the necessary facilities to handle the distribution of plates and after consideration the Secretary of State accepted the offer of the Club.

Arrangements are now being completed for the necessary equipment of the Club's office to handle the work, especially the rush that will occur when the new plates are first being issued. It is expected that the Maryville office will issue over 5,000 plates.

Similar arrangements have been made for Chillicothe, Hannibal, Cape Girardeau, Sedalia and Moberly.

FITE AUTHOR OF K K K MISSIVES

CONFESSES TO POSTOFFICE INSPECTOR THIS MORNING.

KELLEY IS RELEASED

Fite Is Taken to St. Joseph This Morning —Buhler Receives a K. K. K. Letter.

F. D. Florea, postoffice inspector at St. Joseph, informed authorities here this afternoon that Herschel ("Red") Fite, who was taken to St. Joseph by a deputy United States marshal this morning, had confessed to the writing of the various Ku Klux Klan letters that have been received in Maryville.

This information was phoned to Mayor W. O. Garrett about 1:30 o'clock this afternoon. Florea said that Fite confessed shortly after he arived in St. Joseph this morning and he said that Bebe Kelley was not implicated in writing the letters.

Letters demanding money under a threat had been received by Joseph Jackson, John G. Grems, George Moore and Chas. Buhler. Most of these letters were signed Ku Klux Klan of Nodaway County.

Sheriff Steven Roach released Gebe Kelley this afternoon as the postoffice inspector at St. Joseph said he had no charges to bring against him.

Herschel ("Red") Fite, who was held yesterday by the county authorities on a charge of trying to obtain money from parties here under the threat of doing harm or destruction to their property, was taken to St. Joseph this morning by United States Deputy Marshall Wilson of St. Joseph. The warrant for Fite was made out in St. Joseph and his arrest made here. Wilson and Fite left on the morning train.

In addition to the Ku Klux Klan letters that were published in the Democrat-Forum there was one received by Chas. Buhler. The letter was dated November 4 and received the next day. It demanded $800 and that it be placed in a can at the rear of the Buhler Meat Market on East Third street on Monday afternoon. The letter was written in pencil and mailed at Maryville. It was turned over to the county officials. The signature was K. K. K. of Nodaway County.

Darlington Man Dies in Hospital Here

R. L. Crabb of Darlington, Mo., died at 12:30 o'clock today at St. Francis hospital, where he had been a patient for the last week. Death was caused by heart disease. No arrangements for the funeral have been made.

Mr. Crabb was about 70 years old and before locating in Darlington nine years ago was a merchant of Nodaway County ofr a quarter of a century. He operated a general merchandise store in Bedison for twenty years and later was proprietor of a similar business in Conception Junction. Surviving are the widow and three children, Mrs. Lora Richardson, Denver, Colo., and Earl Crabb, Portland, Ore., and Mrs Ethel Anderson of Spokane, Wash. Seevral brothers and sisters, residing in Ohio, also survive. Mrs. Crabb is a sister of Mrs. James Croy and A. T. McDowell of Maryville.

Greesons Moving to Maryville.

Mr. and Mrs. George Greeson and family of Graham moved to Maryville today and will be at home in their new residence on East Sixth street.

IMPROVED SCHOOL FACILITIES FOUND

AT RURAL DISTRICTS THIS WEEK BY SOMERVILLE

HOT LUNCH EQUIPMENT

Is Installed At Wilcox School Near Parnell—Expects To Finish Inspection By Christmas

Leslie G. Somerville, in his tour of inspecting rural schools this week, visited twelve school houses in the far extremities of the county, both north and south. Mr. Somerville will be inspecting schools close around Maryville within another week and he expects to finish up this work before the Christmas holidays. He found that at the schools he visited this week, supplementary books have been added, some of the schools rooms painted or papered or the lighting effects made more adequate.

At the Wilcox School near Parnell one of the latest of school equipments has been installed. An arrangement for preparing hot lunches was found at this school by Mr. Somerville. Improvements he reports at other schools are:

Clyde School, district No. 32, located five miles northeast of Pickering, Cletta Trueblood, teacher. Supplementary books have been added.

Prairie View School, district No. 33, located six miles east of Clearmont, Martha Brandt, teacher, supplementary books added.

Gray Grove School, district 46, located seven miles southeast of Clearmont, Mrs. Emma Phipps, teacher. Supplementary books purchased and sanitary toilets erected.

Lone Valley School, district No. 47, located eight miles east of Burlington Junction, Merle Britton, teacher. Supplementary books purchased and sanitary toilets erected.

McCann School, district No. 153, located four miles east of Conception, Mary Wirth, teacher. Supplementary books and slate blackboard purchased and a coal house built.

Green Valley School, district No. 123, located two and one-half miles east of Clyde, Mary Cain, teacher. The building has been repaired, the floor oiled and supplementary books and a bookcase purchased.

Clyde School, district No. 124, located in Clyde, Nora Felix, teacher. A new heating and ventilating plant installed and supplementary books added.

Bristle Ridge School, district No. 118, located three miles west of Conception Junction, Nina Merrigan, teacher. Sand tables made, supplementary books and window shades purchased.

Labelle School, district No. 122, located four miles southeast of Ravenwood, Fern Hass, teacher. Sanitary toilets built and pictures purchased.

Munkres School, district No. 90, located three miles east of Ravenwood. Eva Powell, teacher. New window shades added.

Morning View School, district 88, located four miles south of Parnell Ethel Stevenson, teacher. A well has been dug, walls of the school room tinted and supplementary books added.

Wilcox School, district No. 87, located six miles southeast of Parnell, Gracie Mae Cooper, teacher. Supplementary books purchased, curtains added, sand tables installed and hot lunch equipment put in.

Canvassing for Red Cross Ends Tonight

The finishing up of canvassing the city in the Red Cross roll call drive is being made today by a few ex-service men and Mrs. Blaine Archer.

This morning no returns had been made to the Red Cross office by the district in Polk township outside of Maryville or by the township chairmen of the other townships throughout the county.

The campaign for Red Cross members will continue during the remainder of the month until Thanksgiving. Any persons who were not at home when the solicitors called and wish to join this organization should send in their checks to the Nodaway County Red Cross chapter with headquarters in the Michau building in this city or to Ray O'Grady and Henderson Aley, who were the captains of the ex-service men who canvassed the city of Maryville. Several checks have already been received by mail.

MARYVILLE TEAM DEFEATS SAVANNAH

EBERT'S CHARGES UPSET DOPE IN YESTERDAY'S GAME.

FINAL SCORE 6 TO 2

Was First Defeat of Season for Fast Andrew County Aggregation—Tarkio Plays Here Tuesday.

The following story of yesterday's game between Maryville and Savannah is taken from today's St. Joseph Gazette:

A fast-charging Green and Black eleven from Maryville high school invaded Savannah yesterday, annexed a touchdown in the second quarter, played a defensive game the remaining quarters, and continued in its drive towards the Northwest Missouri association championship by downing the heretofore undefeated Savannah high outfit, 6 to 2.

In defeat tumbled Savannah's dreams for an all-victorious season and association honors.

The biggest crowd in local football history, approximately 2,000 attended.

For Maryville the victory means the right to meet Tarkio, probably next Tuesday at Maryville, to decide which shall represent the district in the semi-final round of conference play. Tarkio beat Maryville in the first game of the season, 14 to 12, but it was a non-conference conflict.

Fumble Proves Costly.

Only when it scored its touchdown was the Maryville team inside Savannah's 10-yard line, while the losers had budding chances to score early in the second and fourth periods, but a fumble cost the first opportunity. Savannah was held for downs the second time.

In that fourth quarter attack only one inch kept Savannah from having first down with the ball on Maryville's 2-yard line. Savannah had carried the oval from the 28-yard line on straight football to Maryville's 12-yard line, but four plunges into the visitors' line netted a fraction less than the required 10-yards.

Savannah's two points were the result of a gift by Willoughby, quarterback and acting captain of the winners. After Savannah had been held for downs following a drive to within living distance of the Maryville goal line, a Green and Black plunge failed to gain, so Willoughby took the next passback and deliberately grounded the ball behind his own goal line for a Savannah safety. The play gave Maryville the oval on the 30-yard line and the ball was booted out of danger.

A sockless pair of stout legs on the body of one "Wennie" Willoughby more or less carried Maryville to triumph. Willoughby's lugging of the oval was the cleverest the writer has seen this year. Time and again he broke way from half a dozen tacklers for spectacular 10 to 20-yard runs. His change of pace, loose leg, pivot and drive continuously baffled the Savannah warriors.

Savannah's Backfield Strong.

Bush, center for Maryville was "heads up" at all times and his defensive work saved the winners on several occasions. Smith and H. Miller, backs, also did some potent advancing for Maryville.

The starting Savannah backfield, Weaver, Bowles, Schmitt and Levan, consistently tore large gaps in the Maryville line and often carried the ball from deep in their own territory

GOV. WALTON WITHDRAWS FROM IMPEACHMENT TRIAL

"I AM NOT GETTING FAIR DEAL," HE TELLS SENATORS

CONVICTION IS CERTAIN

"Walton Is Running True To Form," Chairman W. E. Disney Of State Board Of Managers Declares

Oklahoma City, Nov. 17—In a dramatic address to the impeachment court this morning, Governor J. C. Walton announced that he would withdraw from the trial.

Governor Walton, after a brief talk, arose and accompanied by Mrs. Walton and his attorneys, marched out of the courtroom.

The state announced that it would continue the trial. Governor Walton's removal from office is considered certain as he will offer no defense.

"I have been sitting here for ten days watching the impeachment trial" Governor Walton declared in a voice filled with emotion. "I don't want to criticise any member of this court. No doubt there are some members who desire to give me a fair trial. But it is plain to see that I can't get a chance in this courtroom, therefore, I am withdrawing, with my attorneys, from this trial. You may proceed as you will. Nothing I can offer will change this situation.

"I do not care to humiliate myself, nor do I care to subject my family to this humiliation."

A near riot occurred in the courtroom after Governor Walton and his attorneys left the room. President pro tem Anglin declared he had been informed that subpoenas for all defense witnesses should be withdrawn. I. C. Spargue, an attorney for the governor, who had remained unnaticed, jumped to his feet and denied the assertion. Senators in the courtroom rushed between the two men as they went together. No blood was shed. A half-hour recess was called, ending temporarily, a tremendously tense situation.

The crowd in the galleries kept looking down in the political arena as various factions in the Senate argued. Several other clashes were narrowly averted.

Governor Walton's sensational withdrawal followed the action of the court in refusing to permit introduction of testimony as to why he issued special police commissions, and a verdict which excluded from the record all evidence on Article 17 which charged that he unlawfully issued police commissions.

Oklahoma City, Nov. 17—"Walton is just running true to his usual form," Chairman W. E. Disney of the House board of managers declared. "When he gets in a tight place, he quits with some grandstand play."

Prior to the governor's withdrawal from the court, no action probably unique in the history of American courts, attorney H. B. Martin for the defense had declared:

"This conflict between the invisible empire and Governor Walton is the only real issue in this case. Other issues are mere excuses."

Martin made this assertion after the court had voted down a proposition to give Walton an opportunity to present testimony by Aldrich Blake, former counsellor to the governor, why the suspended governor issued numerous police commissions. The defense declared Blake would testify that Walton took this action, charged the state with being corrupt, because the Ku Klux Klan had taken the government in many sections of Oklahoma.

It was disclosed that 135 riots had occurred in Tulsa County.

"It was to suppress this condition that Governor Walton issued the police commissions, alleged by the state to have been an impeachable offense," a defense attorney declared.

Motions and arguments came hot and heavy after Walton starked out of the court room. One Senator demanded an immediate vote on Walton's guilt or innocence, but the motion was tabled. Order had been restored when the court had resumed after a recess.

Attorney Tom Neal of the defense was brought into the courtroom by the marshal. His alleged statement as to not summoning Walton witnesses resulted in the clash between Anglin and Sprague.

When Neal said that he did not consider it a needless expense for the state to summons further defense witnesses, the court voted a suspension of the evidence. The question of the court appointing attorneys to defend Walton had been considered unfavorable.

"We are through," Neal declared. "We didn't believe we were getting a fair trial and did not care to stultify ourselves further."

Oklahoma City, Nov. 17—Neal was permitted to withdraw. Acting Governor M. E. Trapp entered the courtroom after the resumption of the hearing and conferred with Senator Harry Glasser of Enid.

The court then resumed the hearing on the "gunmen" counts of the indictment.

The state announced that the case would probably be completed Monday. E. W. Marland, internationally known oil promoter, probably will be brought before the court Monday to testify in regard to the Walton home and purchase deal, Chairman W. E. Disney of the House board of managers, announced.

The court switched up to the pardon and parole record of Walton. L. S. Flannery, who was implicated in the Virgil Hollingshead parole testimony. It was in this case that the 70-year-old mother of Hollingshead put a mortgage on her home to "buy a pardon for her son," according to the evidence.

Judge F. E. Riddle, chad of the defense, said this afternoon that supplementary application for an injunction would be filed in the federal court to prevent execution of the expected verdict of the court.

"Probably this action will be deferred until the Senate brings in its verdict," Riddle said.

Shorthorns Sell Fast at Bellows Bros. Sale

At 2:30 o'Clock This Afternoon the Top Price Paid for a Bull Was $700—Ten Average $380.

Bidding was brisk and the cattle selling fast at the pure bred Shorthorn sale of Bellows Bros. at Parkdale farm adjoining Maryville, southwest of the city. At 2:30 o'clock this afternoon ten bulls had been sold. The top price was paid by J. F. Booton of Arkansas City, Kan., for Supreme Senator, registered No. 1209314, number 42 in the catalog. This bull brought $700. The average price for the ten bulls was $380.

Cattle buyers from states adjoining Missouri and from this state were present. The pavilion at the Parkdale farm was crowded with buyers. Bellows Bros. were offering for sale sixteen bulls and forty-six cows and heifers, pure bred, of the Shorthorn breed. This is their twenty-third annual sale. The auctioneers doing the crying were Kraschel, Halsey, Cies and Hosmer. Arch Frank clerked the sale.

Fay Bellows said this afternoon that he was very well pleased at the way the cattle were selling and thought it was a very nice sale. At 3:00 o'clock the last of the bulls were being sold.

Mrs. C. G. McMillen Dies at Her Home

Death Follows Three Years' Illness—Funeral Services to Be Held Tomorrow Afternoon.

Mrs. C. G. McMillen passed away at 9 o'clock last night at her home in Pickering following a three years' illness of a complication of diseases resulting from several paralytic strokes. She suffered the last stroke Tuesday morning and since Wednesday noon had been unconscious. Funeral services will be held at 2 o'clock tomorrow afternoon at the family home in Pickering, conducted by the Rev. R. E. Snodgrass, pastor of the Christian Church in Maryville. Burial will be in Miriam cemetery.

Mrs. McMillen was 55 years old, and had resided in Maryville and Pickering for forty years. Besides her husband, she is survived by one son, Watson Hitchcock of St. Joseph, by her first marriage. Her first husband, Eugene Hitchcock, died twenty-one years ago yesterday. In December, 1903, she was married to Mr. McMillen and Pickering had been her home since that time. The following step-children also survive: Mrs. B. M. Hanna, residing near Pickering; Miss Ora McMillen, a teacher in the high school at Topeka, Kan.; Mrs. W. T. Chaney, also of Topeka; and Adelbert McMillen, librarian at Washington University, St. Louis. The latter three are en route to Pickering to attend the funeral.

MAITLAND TEAM VS. HOLT IN FINALS

HOLT PROVES TO BE DARK HORSE OF TOURNEY

FINALS PLAYED TONIGHT

Preliminaries Furnished By Skidmore Eagles vs the State Teachers College "M" Club

The finals of the Northwest Missouri outdoor tournament will be played tonight on the College gymnasium between the Maitland High School eagers and the Holt quintet. Maitland by virtue of the win over Faucett in a 62 to 11 fashion earned the right to compete in the finals. Holt won in the semi-final round over Central consolidated of Ray County by a 36 to 18 margin.

The final game this evening will start at 8 o'clock. There will be a curtain raiser game between the Skidmore Eagles, a town team, and the College "M" Club. This should be a whirlwind game on account of the many experienced players on both sides.

The tournament this year was one of few upsets in the way of dope. The Holt win over Pickering was perhaps the biggest upset of the entire series. Maitland has the edge on the Hotl boys by the dopsters, but the Holt quintet has a reputation of fighting every minute of the game and have excellent floor work. Maitland with Conner and Ungles at forwards have two of the best forwards in the tourney. Both are dead shots at the basket and work well together.

The Maitland-Faucett game was a one-sided affair which only served to give Maitland squad a good work out for tonight's game. Towards the last of the game all of Maitland's subs were run in and the scores were not made so fast.

The box score of the game was as follows:

MAITLAND (62).

	F.G.	F.T.
Conners, f	10	2
Ungles, f	10	2
Cartwright, c	1	0
Marion, g	0	0

FAUCETT (11).

	F.G.	F.T.
Hull, f	2	2
Stanton, f		
Cawley, c		
Yates, c

Tucks, g		

Holt had a hard time getting started in their game with Central. The team work which the Holt quintet showed last night against Pickering was lacking. Holt, however, is expected to make a better showing with Maitland tonight. The final count was 36 to 18.

HOLT (36).

Central of Ray County were bigger and huskier than were their opponents, Darlington, and snowed under the Darlington quintet by a 45 to 18 count. Towards the last of the game the Darlington boys were all in and a large score was piled up on them at this time. The box score was.

to profitable positions only to lose it on fumbles. Had the interurban-town moleskin wearers not bungled so many passbacks, they might have celebrated a win instead of shedding tears in their defeat. Tate, sent into the fray in the third period, gained repeatedly, too.

The Savannah field is on a grade and the team uphill had a decided advantage. In the first quarter Savannah made use of that condition and marched from the 20-yard line to the visitors' 10-yard line on straight football, only to fumble.

As a starter in that 70-yard drive Levan smashed through the line for 8 yards; Bowles followed with 4 yards; Smith added 5 yards; Levan lugged again for 10 yards; Weaver hit off tackle for 10 yards; Bowles slashed end for 5 yards and Weaver placed the oval on Maryville's 30-yard line with another 5-yard plunge as the quarter ended.

With the changing of the goals Savannah took the uphill going, but Smith sped around end on the first play for 20 yards to Maryville's 10-yard line. A plunge failed to net much yardage and on the next scrimmage a Savannah back permitted the oval to slip from his grasp and Maryville recovered, punting out of danger.

Then Maryville, with the "on top" of the field, drove to a touchdown, after holding Savannah for downs on its 40-yard line. Willoughby skirted end for 10 yards and Smith and Miller hit the line for 5 yards each, carrying the play to Savannah's 40-yard line.

Smith Scores Touchdown.

Dropping back as though to pass, Willoughby waited until the rushing Savannah line had nearly reached him and then outstripped them for 22 yards around end. Miller made 3 yards on an off-tackle smash, being downed on the 15-yard line. A plunge netted a few yards and then Smith hit off tackle for about 10 yards and the 6-pointer. Willoughby missed the goal kick.

The ball was in midfield in Maryville's possession when the half ended.

Getting the ball on the 28-yard line in an exchange of punts, after the kickoff beginning the second half, Savannah paraded to Maryville's 2-yard line. Weaver hit off tackle for 12 yards; Tate followed through the same place for 7 yards. Bowles plowed for 5 yards and two more plunges put the oval on Maryville's 40-yard line with the count first and ten as the third period ended.

Savannah had been going downhill, but continued the advance when the teams changed directoins. Weaver went through the line for 17 yards to Maryville's 23-yard line. Levan made 12 yards through the line, carrying the scrimmage to the 11-yard line. Weaver and Levan in turn made 2 yards each and then Levan made 4 yards. On the fourth down the chain was brought out for a measurement within stepping distance of Maryville's goal line, but the stick failed to reach the advancing line of the oval and it went to Maryville's ball. Willoughby then punted Savannah with their two points.

A Clean Game.

Neither eleven was again within striking distance, but Bush, Maryville center, stopped a threatening Savannah attack that had gone 30 yards on straight football to the winner's 30-yard line by intercepting a pass.

The final whistle found the skirmishing in midfield.

Although bitterly contested, exceptionally clean play marked the struggle, only one penalty for other than offsides being inflicted.

The Maryville boys "used their brains" by taking time out and holding a conference whenever they were having trouble stopping the Savannah offense.

The lineups and summary:

MARYVILLE		SAVANNAH

The Patrons of Husbandry of Platte County, through their council, have decided to have a grand reunion and celebration at the courthouse at Platte City on December 4. The occation is the seventh anniversary of the order in the United States.

After the first of the present month, the law in regard to the Texas cattle fever went out of effect, it being a well known fact that the disease will not spread at this season. As a consequence, nearly a thousand head of Texas cattle have been driven into the county the past week, for feeding, and many more are on the way. This promises to consume a good deal of the surplus corn of Nodaway County this winter, and, we hope, will make somebody some money.

Twenty Years Ago

Some few persons in town Monday night about midnight heard a rattling of doors and windows that they could not readily account for. The next day it was learned that in some of the brick residences of the city the paper on the walls was quite badly cracked. It is likely that it was an earthquake shock, but not very severe.

The Thanksgiving services will be held at the Christian Church. Sermon by Rev. I. T. Creek.

The new M. E. Church of Pickering will be dedicated next Sunday, November 22. Rev. E. B. Lytle will preach the dedicatory sermon.

George W. Moffitt, the east side implement dealers, has sold one business house and the goods to Phillip Hadden, who comes from Harrisonville, Mo., and who will continue the business.

Mr. G. A. Sunstrum, who has been head salesman of the National Clothing Company of Oskaloosa, Iowa, comes to Maryville and becomes manager of the Hub Clothing Store, first door east of First National Bank. The former manager, Mr. F. B. McCagg, has accepted a position with E. J. Morris, owner of extensive coal mines near Des Moines, Ia.

Earl Barmann has been elected manager of the Peoples—or the Farmers Telephone Company at Maryville, and the intention is to move the switch board up town before long.

Joseph Bleuel has bought the interest of Louis Gram in the West Third street meat market.

Do you remember the queer things you believed when you were a youngster? A lawyer tells us when he was a boy he thought cats had nine lives, that no matter what you did to a snake it would not die until sundown, that it sometimes rained frogs and fishworms and that if you put hair from a horse's tail in a bottle of water they would turn to snakes. What did you used to believe?

We wonder how many men there are who are looking forward with pleasure to the fast coming days when they will have to get out of a nice warm bed and trot dawn to the cellar to get the furnace going so the house will be nice and warm when the family gets up.

Why should be always be criticizing men for forgetting their wives birthdays? Most wives forgot their own birthdays many years ago.

Automobile Owners Want Safety Appliances

Motor car purchasers, careful to consider safety elements in automobile construction, are giving more and more attention all the time to cars in which the operations necessary for proper control in traffic are reduced to a minimum.

Several reasons instantly appear for this, principal of which is that the more complicated the construction or the more complex the manipulations necessary for control, the greater are the chances for trouble and even dangers in operation.

All of which brings home the fact that nothing contributes a greater element of safety in motoring than the utmost simplicity in those parts of the car upon which the control depends, thereby freeing the driver from as much exertion and distraction as possible.

A notable example of how this can be successfully carried out is found in the design and operation of the control of the Ford car which gives the driver exceptional command in traffic, in mud and sand—in fact in every place where facility of control is all important.

The short wheelbase and small turning radius insure easy turning of corners and convenience in maneuvering in and out of parking places.

There is no excessive motion of the steering wheel and action, being direct, gives the driver the "feel" of the road and facilitates steering.

In shifting gears, the drivers' attention need not be distracted from the road ahead, as the shifting is made by his feet on the pedals and soon becomes automatic, and his hands are at all times on the steering wheel. In the Ford transmission there is no danger of clashing gears and it is impossible to fail in accomplishing a gear shift. Further, the shift is made silently.

Baptists Will Hear Armistice Day Sermon

"Did America Cause The War?" Will Be Sermon Subject By The Rev. Joseph A. Cooper

"Was America Responsible for the War?" will be the subject of the Rev. Joseph A. Cooper's sermon at the First Baptist Church tomorrow night. This will be an Armistice Day Service, postponed from last Sunday.

Regarding his sermon tomorrow night, the Reverend Mr. Cooper said this morning:

"Readers of popular literature and those who keep up with what the public is doing in the reading line have been witnessing the interesting phenomenon of a "Life of Christ" as the "best seller" on the American book shelf. Practically ever since Dorothy Canfield Fisher translated from the Italian Giovanni Papini's "Life of Christ" it has been the most popular of non-fiction books in the United States. Once in a while in the last few weeks it has fallen from first place in the list of "best sellers," but it has never dropped from among the first four or five, and it has been much more often in first place than in any other position. Not since Mr. H. G. Wells published his "Outline of History" has a non-fiction book attracted so much popular attention. As a comment upon it says, it seems altogether likely that this book will become a "world classic."

"In the light of the widespread interest in this book whatever comes from the pen of Papini is of unusual interest, and so a recent comment of his upon the cause of the World War has attracted much attention. In a late interview, in speaking of the fact that "only a return to Christian ideals can save civilization," he charged that "America was responsible for the World War."

"Of course by this remark he did not mean that America fired the first gun of the War, that America diplomacy was at the root of it, that America desired it, or anything of the sort. What he did mean is plain from his own words: "The world has for the last two decades been absorbed in commercial competition. The United States has the most highly developed machine civilization, the most wealth. She has inspired the envy and emulation of the great European powers, and it was she who sped up the mad game of industrial rivalry which finally brought the nations into conflict. And America stands today as the embodiment of the materialistic un-Christian spirit which dominates the Western world to it peril."

"Such an indictment, whether right or wrong, coming from such a source may well challenge our thinking, and more especially as the Armistice season has again turned our minds to the great catastrophy and its results. The Armistice Day service at the First Baptist Church was postponed last Sunday, owing to the union service at the tabernacle, but the service tomorrow evening at the Baptist Church will have the Armistice in mind and will be centered around the challenge from Papini spoken of above. The subject will be, "Was America Responsible for the War?"

Women's Night Best of Week at Tabernacle

Seven Responses To Invitation Last Night Which Makes a Total Of 51 This Week

There were more women present at the Tabernacle last night for Ladies Night than at Men's Night previous in the week. The offering was also one dollar better. It was perhaps one of the best services of the week since Sunday. The text used for the sermon by the Rev. O. E. Hamilton was Galatians 4:27.

The Reverend Hamilton said in part: "Mother is the word used in this text to describe the Heavenly Jerusalem and if the apostle would elevate mother to such a place, I am surely justified in using the word to open up in your hearts the ways of life that will give you entrance into that eternal Kingdom."

There were seven responses to the invitation last night. This makes 51 responses so far this week in the county campaign. Services will be held tonight at the usual time. The Saturday night meetings have been well attended all through the series, especially by the country people.

The workers have been busy this week all over the county in the interest of the Sunday school in the morning. The Maryville school hopes to have the largest attendance of the campaign. The men's class is working for 200 attendance. The class will enjoy the Radio program at 9 o'clock, after which the class address will be given by the pastor. Mr. Hamilton's sermon tomorrow night will be on the subject of "Christian Unity."

Mrs. Fred Herman and baby daughter, Charlene, will leave tonight for their home in Belleville, Ill., after a month's visit in Maryville with her parents, Mr. and Mrs. Mike Sturm and other relatives.

Jubilee Team Will Arrive on Monday

The Jubilee Team of the Christian Church will arrive in Maryville Monday morning to spend the day here holding two meetings and having a conferenec supper with the workers. The team is composed of Mrs. Anna Scott Carter of Paris, Mo., team leader; Mr. J. B. Lehman of the Southern Christian Institute, Edwards, Miss.; Mrs. Anna R. Atwater, vice-president of the United Christian Missionary Society, St. Louis, and George W. Muckley, Secretary of the United Society of St. Louis.

These are among the great missionary leaders of the nation and should be heard by large audiences. There will be an afternoon meeting at the church, a supper conference, and the night meeting will be held at the tabernacle. There will be no Monday night meetings over the County as all the churches are expected to attend this great Rally service. The public is invited to all of these Monday meetings.

Mr. and Mrs. Ab Fite and Mr. and Mrs. John Bookman left yesterday morning for a week's visit in Kansas City, Excelsior Spring and Nevada, Mo.

Clemer, Correspondent, to Write up Tabernacle

Mr. O. E. Hamilton, evangelist at the Tabernacle meetings, just received a wire this morning announcing the coming in the morning of W. B. Clemmer, a representative of the Christian Evangelist of St. Louis, one of the national religious papers of the church. He is coming to get first hand information of the County Campaign, intending later to carry a full page write-up of it, for the promotion of County-wide evangelistic programs throughout the brotherhood.

Mr. Clemmer will be in Maryville over Sunday, studying the meeting from every angle.

Mrs. Paul Sisson spent yesterday in St. Joseph.

'Tis Time to Think of Christmas

Nothing else you can give will render the pleasure that Christmas Greeting Cards will.

Christmas is swiftly approaching, and the wise person, realizing that engraved Greeting Cards are a product of time and skill, will arrange to place his order very soon.

All orders for special engraving must be placed before November 26. We cannot accept these special orders after this date because it is impossible to get the work out in time for Christmas. We will endeavor to fill throughout the month of December all orders calling for cards as sampled.

Fire Victims to Slide Through Silk Tubes

For saving the lives of persons trapped in burning buildings, a long, silk tube, inclosed in strong netting, has been designed. Attached to a window, the victims may dive through it to safety. Firemen in the street control speed of the falling body by holding taut or loosening the bag at the bottom of the net. In a recent test, firemen leaped from a third-story window, and a young woman plunged head-first through a forty-foot tube. Invented by a middle-western man, it is made in various lengths to be fastened to any window equipped with frame hooks, in a building several stories high.

Hottest Flame Known to Aid in Study of Planets

What is declared to be the hottest flame known to man has been produced by artificial means in experiments held to study the form of atoms. An electric blast, lasting for only a small part of a second, occurring on a charged wire, seemed to explode, creating heat so intense that it could not be measured, although estimates put it at 30,000 to 80,000 degrees. Pictures taken as the explosions occur are expected to aid astronomers in solving the causes for different kinds of light thrown off by many of the planets.

Grafting Cotton to Tree Makes Crops Richer

Grafting a single cotton plant to the root of a mulberry tree has produced 900 bolls, or pods, where formerly 40 was a good crop. The process, an invention of a southern plant breeder, is being widely watched because of the possibilities it offers in reducing the cost of cotton. Some of these grafted plants are nearly 8 feet tall and have well-developed fibers, called staples. The production rate is greatly increased, three mother plants giving about 60 pounds of seed cotton, or four bales per acre.

Make Explosive from Sawdust

A new explosive compound in which ordinary sawdust replaces the nitroglycerin used in most high explosives, has recently been announced by the chemistry department of the University of Washington. It is estimated that the explosive can be made to sell at about one-third the cost of commercial dynamite, as neither the ammonium nitrate, which forms 80 per cent of the mixture, nor the sawdust making up the balance, is an expensive material. It is claimed to be practically smokeless and that the fumes do not cause physical inconvenience to the user; that it can only be exploded by detonation, that it does not require thawing, and does not burn readily.

Auto Emergency Headlights

When the headlights of an automobile are "out of commission," owing to a ground or a short, one or both of them can still be used, providing there is a trouble lamp in the car. The trouble-cord lamp socket is removed, and the wires attached to the headlight plug, replacing the usual wires. The cord is then run from the dash-lamp socket to one of the headlights, as shown, or better still, by means of an extra length of cord, it can be connected to both headlamps, in parallel. It is a good idea to be prepared to meet emergencies of this nature by carrying an extra trouble cord, fitted with a plug at each end.

BURN THE BUGS

Before the snows of winter, overlay the grass and weeds, get busy now and burn them up thus killing bugs and seeds, for the bugs and weeds that you kill now, if saved, will cost you dear, in ruined crops and labor lost, at harvest time next year. The small chinch bug will snugly sleep in grass you do not burn and in the Spring, for keeping him, he's sure to do his turn. Your wheat and corn will suffer then and you will make a vow "Another year, I'll beat the bugs, I bet I will somehow." Right now's the time to beat the bugs, that they may not despoil and beat the farmer out of crops he should have from his soil. Besides the weed seeds that you burn will not infest your field; It saves you work, in many ways; It also helps the yield.

So, when the days are warm and nice, go fry the hungry bugs, or else expect that they will steal like other common thugs. Fried bugs are better than spoiled crops and cost far less I trow; You said you'd do it, hurry up, be sure to keep your vow.

Mrs. Roy Lippman was a visitor at school Monday afternoon.

Mrs. Dawson Swearingen spent Tuesday afternoon with Mrs. W. A. Mozingo.

Our language classes are using a plan in our campaign against poor English. One of the girls has drawn a terrific picture of a giant on the cover of a shoe box. His huge mouth is a slit through which food is given him. This "food" is in the form of sentences containing poor English words and phrases heard on the school ground. They are written on slips of paper and are to be read in language class on Friday. Our intention is to starve the giant.

The agriculture class went to L. E. Lyle's Monday to study location of feeding pens, hog sheds, etc. We had the privilege of seeing a number of Chester Whites and Hampshires which were going to market that day. Mr. Lyle gave us a lot of information as to feeding for market, feeding stock hogs, etc., and we have been using this information to work out balanced rations in class.

Mr. and Mrs. Lon Thompson were Sunday visitors at the home of Mrs. Slawson's and family of the Gill community.

Baffle "Old Man Winter"

He exacts a heavy toll from automobiles. His favorite plan of attack is to prevent the forces of lubrication from functioning.

His success or failure depends entirely upon the quality of lubricating oil that you use. If you use inferior oil you can't beat him; your car will be hard to start; batteries and starter will be strained severely; the frictional and bearing surfaces of your car may lock; you will be wasting power because your pistons are not sealed —but if you

Parnell Review

The work on the new Methodist church is progressing nicely, and if the weather permits the outside work on the building will soon be completed. Monday the work of putting on the stucco and putting in the concrete floor in the basement was started and by the latter part of the week this will be completed. The inside lething is about finished and by the first of next week will be ready for the plasterers. When the building is completed it will compare favorably with any church building in any town in the state much larger than Parnell.

Mrs. Glen Summa returned Sunday morning from Albuquerque, N. M.

"Dutch" Young, wife and sons of Torrington Wyoming, went to Kansas City, Sunday to spend the winter. We are informed the sons will take instructions at the Sweaney Auto school.

Ravenwood Gazette

Loch's Garage is excavating for the foundation on which they will erect an addition 44x66 feet on the south of the present building. When this addition is completed the building will cover a space 66x104, and will be one of the largest garages in this section of the country.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.

HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health.

Sold by druggists for over 40 Years.

EAST SIDE SQUARE

Third 'Fireside Service' to Be Held Tomorrow

"Our Personal God and Prayer" Will Be Subject Of the Rev. S. P. Allison's Sermon

"Our Personal God and Prayer" is the subject of the "Fire Side Talk about God" which will be given by the Rev. S. P. Allison tomorrow evening at 7:30 o'clock at the Presbyterian Church.

For the past two weeks "Fire Side Services," an intimate and informal type of gathering, has taken the place of the regular Sunday evening service. They have been popular and well attended. This coming Sunday's service will be the last of the present series.

In the "Fire Side talk" on "Our God and Prayer" on Sunday evening Mr. Allison says he intends to take up the matter of prayer and show what light the personality of God throws on it. Many wonder how we can pray and influence God, whether we ought to try to change God through prayer, whether prayer changes things, etc. The talk will also touch on the relation of modern science to prayer.

The music for the evening will consist mainly of the usual singing of old favorites picked by those attending. Miss Margaret Dietz and Miss Neva Sage before and during the service will give some piano and violin music. "The Garden of Prayer" is the solo which one of the members of the church has asked Mr. Richman to sing.

Mr. John D. Richey is chairman of the hosts for Sunday evening. The Westminster Guild and the Missionary Society have been hostesses the last two Sunday evenings. This week the Men's Class will be in charge.

An effective type of Bible reading has been used in these services. Last Sunday there was a large and rapid series of quotations of Bible memory verses. On Sunday of this week those who attended, as far as possible, are asked to bring a memory verse on prayer.

A cordial invitation is given by the Presbyterian church to all who can, to attend this "Fire Side Service."

Orders Street Railway Service in Nevada Quit

Line Has Been Operating At Loss For Last Six Years—To Substitute Motor Buses

Jefferson City, Nov. 17—The Public Service Commission today authorized the Fort Scott & Nevada Light, Heat, Water & Power Co. to abandon and discontinue its street railway service in Nevada, Mo.

In a hearing October 31 in Nevada, it was shown the system had been operating at a loss for six years. The city council of Nevada approved the proposed discontinuance.

The company proposes to substitute motor buses.

THE COCK AND THE GEM.

A COCK came down from his roost at dawn and scratched the ground in search of food. By and by, he turned up a fine gem. He gave it a kick and muttered to himself, "Huh, you're a fine thing, no doubt, but to mind one grain of wheat is worth all the gems in the world."

IT'S all in the way you look at it. The wealth of the universe would't be worth much to you if it couldn't buy you something to eat. Inversely, the more you can buy for your money, the more your money is worth.

THE advertisements in The Democrat-Forum are intimate lessons in buying efficiency. They teach you how to get the most in value and enjoyment for the least money. They give you knowledge that pays.

THAT is why the shopper who reads the advertisements in The Democrat-Forum always has the advantage when it comes to stretching the dollars.

YOU women folks, do you know that right now you can buy Millinery for less money in Maryville than you can in most cities?

CONVINCE yourself of this by comparing the Millinery ads in The Democrat-Forum with millinery ads in the metropolitan papers.

Railroad Unfavorable to Utilities Request

Say They Cannot Obtain Information Of 1923 Business Within Ten Days As Asked

Kansas City, Nov. 17—A heated session in the grain freight rate session before the Interstate Commerce Commission resulted today in officials of Western railroads announcing they could not submit figures showing the volume of their business and revenue in 1923 within ten days.

The controversy resulted when the request for this information was made of the commission yesterday by Clyde M. Reed, chairman of the Kansas utilities commission was brought up for discussion.

The railroads contended that the information of their affairs sought by the state utilities commissions, is for the knowledge of the roads themselves and objected to making it public. Commissioner Esch declared that the matter would be settled at this afternoon's session.

Sentenced to Ten Years in Prison

J. F. Alley Is Convicted Of Murder Of J. A. Rose, Non-Union Electrician

Kansas City, Nov. 17—Found guilty in the first degree, J. F. Alley today was sentenced to ten years in the penitentiary for the murder of J. A. Rose, non-union electrician, who was beaten to death here after a dispute over union membership. Alley will file a motion Monday for a new trial, he said this afternoon.

Raymond Shultz was given five years and W. J. Mattews was acquitted on a murder charge arising out of the Rose slaying.

Don Hanna, C. A. Farrens, L. S. Miller and Mrs. Shelman and children were among the Hopkins visitors here today.

BEARCATS DEFEAT BLUE JAY TEAM

UPSET DOPE AND WIN GAME IN WHIRLWIND FASHION.

FINAL SCORE 13 TO 9

But Maryville Paid a Terrible Price for Victory as Many Star Players Were Injured.

The Maryville Bear Cats came into their own yesterday and outplayed Westminster winning a 13 to 9 victory for the College. From the start of the game it was evidenced that the Maryville Bear Cats could not be stopped and it was only the numerous injuries that forced O'Banion, Masters, Wilson and Hay from the game, that the Blue Jays held the Bear Cats to such a low score.

"Lin" Foreman, Bear-Cat Captain. Nose broken in early part of game yesterday but continued to play in the game.

In the first five minutes of play the O'Banion and Wilson end runs placed the ball within striking distance of the goal and a smashing line plunge by O'Banion put the oval over for the first counter. The ball was again carried over the line in the first half by Wilson. The Westminister scores came by a safty made intentionally by Wilson and by a touchdown scored via the aerial route. The Wood to Allen combination on forward passes enabled the Blue Jays to throw a scare over the S. T. C. squad but only one touchdown was netted by this playing.

Lon Wilson showed up as a star on the Maryville line-up by his cool headed work at quarter and by his sensationally broken field running. Eads made a spectacular forty yard run down the field in the last quarter and played steady ball all during the game. Foreman delivered the goods in the way of line plunges, tearing big holes in the Blue Jay line at intervals. O'Banion was laid out in the early part of the game and the team suffered to some extent from the lack of his puntings. Eads took his turn at booting the pill and averaged about forty yards.

Frost of the Blue Jays was the only man that could gain through the Maryville line however Wood and Allen made the greatest yardage by the screen forward pass.

The next Bear Cat game is with the Tarks on the Tarkio gridiron. A large crowd of Maryville rooters are expected to accompany the team on the trip to the foreign soil.

C. E. McBride of Kansas City Star refereed the contest.

Maud A. Butler Files Divorce Suit Yesterday

Plaintiff Asks for Permanent Alimony for Support and Maintenance of Three Children.

Maud A. Butler has brought suit for divorce against William L. Butler, the suit filed in the office of the clerk of the circuit court yesterday.

The plaintiff, Maud A. Butler, who is now a resident of Nodaway County, states in her petition that she was lawfully married to the defendant November 20, 1912, in Buchanan County, and lived with him as a faithful wife until March, two years ago.

She states in her petition that her husband has disregarded the duties of a husband, so as to render her condition intolerable and she now sues for a divorce and be given custody of their three children, Maxine, Esther and Betty Lou, who now live with her. The plaintiff also asks for permanent alimony for the support and maintenance of the children. The petition says that the defendant has, since March, 1921 been living with another woman as husband of said woman, another reason for suing for divorce.

Harry B. Rutledge, superintendent of the Ravenwood Consolidated school, is visiting friends in Maryville this week end.

MAITLAND TEAM VS. HOLT IN FINALS

(Continued from page 1)

County boys having the edge of defense while their goal shooters were up to par. Hull was exceptionally good on free shot, tossing the pill in for the additional point on every occasion. The Faucett boys play Maitland in the semi-finals this afternoon. The box score was:

The Maitland boys encountered one of the biggest obstacles in the way to the championship when the Rosendale boys were eliminated by a 36 to 10 score. Although the margin in the score is great, the playing was evenly matched and only the eagle eye of Ungles placed the Maitland boys well to the lead. Both teams showed flashy team work and fought all during the game but Ungles 'was right' and Connor and Cartwright feeding him a large score was netted. The Holt County boys ran up a 10 to 0 score in the first quarter but were held to a closer score the rest of the game. Maitland by virtue of this win goes to the semi-finals, meeting the winner of the Jameson-Faucett game. The box score was:

In the basketball tournament last night a dark horse appeared in the race when Holt beat the Nodaway County entry, Pickering, by a considerable score and earned a right to start in the second round. The Holt boys were scrapping all of the time and carried the fight to the Pickering squad in an able fashion. Burks the Pickering flash was at his best but his stellar floor work was not sufficient to win the battle. The final score was Holt 37 and Pickering 21. The first quarter was teh liviest of any part of the game the count ending 8 to 8. From then on Holt had an edge on the battle. The box score was as follows:

BANKERS FAVOR TAX REDUCTION

(Continued from page 1)

About Tax-Exempt Securities.

"In the past few years there has developed in this country what is called the tax exempt securities. Enabling those of vast wealth to invest in them and thus escape tax, thereby saddling the tax burden on those of moderate means and the poorer class. To my way of thinking if Secretary Mellon wants to render a real service, let him recommend in his proposal the abolition of these tax exempt securities, which now have reached an enormous sum and must some day sooner or later be dealt with. We have often heard the political cry of tax reduction, but in reality have seen or felt but little evidence of it. What would result in a really honest to goodness reduction, would be to stop the need of so much revenue by cutting out the reckless extravaganee and useless expenditures of the people's money. Then and until then will we feel a substantial reduction of taxes."

Favors Sales Tax

E. E. Williams, vice-president of the Real Estate Bank, does not favor an income tax at all.

"It is making a nation of liars out of the American people," Mr. Williams declared.

"About the Mellon proposal, I don't know where the cut should come," he continued. "The expenses of the government have to be met and a sales tax seems to be a fairer solution of the problem than does the present income tax. If we could do something to remedy the present tax-exempt evil, I think it would be a good way to solve the present tax problem in America."

Community Program Is Given at Gaynor School

Music, Pictures and Talks Featured Program—Stringed Orchestra Gives Several Numbers

A community program was given at the Gaynor School, about twenty miles northeast of Maryville, last night.

Music was furnished by a stringed orchestra, consisting of Mr. and Mrs. Frank Edwards, Will Stickle and Will Sparks, who furnished music during the evening. Community singing of a number of old southern melodies was also held.

F. R. Marcell showed the school film which was greatly appreciated by the audience. L. H. Brownfield, secretary of the Maryville Chamber of Commerce, was present and made a short talk.

One of the patrons of the school furnished lights for the picture machine. Leslie G. Somerville, who intended to make the trip, was unable to be present on account of the illness of his wife.

Refreshments, consisting of pie, doughnuts and coffee, were served by the patrons of the district.

About 150 persons were present at the meeting last night.

The Nodaway County Farm Club pictures, showing the parade and other activities of the Farm Club day celebration recently held in Maryville, were exhibited at Sheridan last night.

Little Edwin Manley Is Knocked Off Wheel

Little Edwin Manley narrowly escaped injury about 5 o'clock yesterday afternoon when he was run into by an automobile while riding his bicycle. Young Manley was crossing West Third street between the Democrat-Forum and Yehle's store and as he passed out behind some cars that were parked in the center of the street, headed toward the alley, he ran in front of a Chevrolet coupe driven by B. E. Truesdale, 215 South Market.

Truesdale, as soon as he saw the boy, threw on the brakes which skidded the car, but the auto slid into the bicycle. It appeared that the boy jumped when the auto hit the wheel and fell on his hands and knees at the curbing. The auto passed over the bicycle. The boy was not injured and bicycle escaped damage. The boy got up, more scared than hurt, and rode home on his bicycle. As soon as Truesdale could stop his car he got out to see if the boy was hurt.

White Rats Used for Experimental Purpose

To Show the Stunting Effect of Use of Coffee Has on Growth—Displayed at Orear Store.

Two small white rats, that were ordered by the Nutrition Department of the Nodaway County Red Cross chapter, have been received from Chicago where they are raised for experimental services, and were put in the show window of the Orear drug store today.

These rats were secured for experimental purposes to illustrate the stunting effect that the use of coffee has on growth. One of the rats will be fed on a diet of bread and milk. The other rat is to be fed bread and black coffee minus sugar. The feeding experiment will not continue for a period longer than five weeks.

Milk contains the vitamines which produce growth and also possesses the complete proteins which furnish adequate food for maintenance and growth. Coffee is only a stimulant and has a stunting effect if used during the growing period. It contains no food values except for the cream and sweetening that is put into it.

Miss Mildred Smith, nutrition specialist, will have charge of this experiment. She will first show these rats to the school children throughout the county before the feeding experiment commences and then after it is completed.
